

# HBT H RACK GROW LIGHT

## Horticulture

FRESHLIGHT'S HBT H RACK GROW LIGHT provides incredible full spectrum daylight/ sunlight, which mimics the sun to 97% accuracy. It's spectrum is the broadest in the industry!

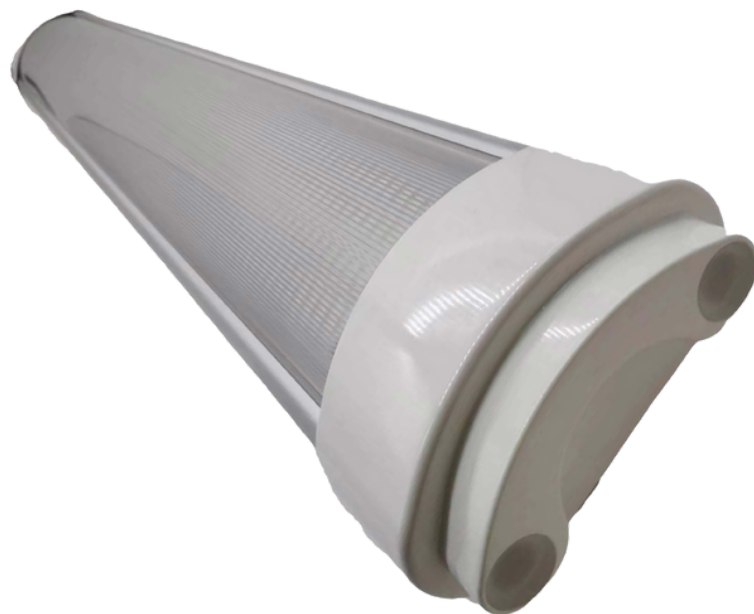

- 280 NM to 780 NM
- Features UVA, UVB, and high-end IR

Our light also incorporates our patented air cleansing technology.

FRESHLIGHT'S Negative Ionization helps reduce harmful dust, fine dust, and airborne particulate matter.

Keeping your plants safe is one of our highest priorities!

### PRODUCT DATA

INPUT VOLTAGE TYPE: 90V - 230V

POWER CONSUMPTION: 60 WATTS

POWER FACTOR: 0.97

LIGHT EFFICIENCY: 220 LUMS/WATT

MMOL: 42 WATT

LIGHT ANGLE: 250°

IONIZATION: 200 MILLION IONS PER SECOND

WATERPROOF: IP 65

CERTIFICATIONS: CE, ROHS, TUV, UL

ENERGY EFFICIENCY: A++

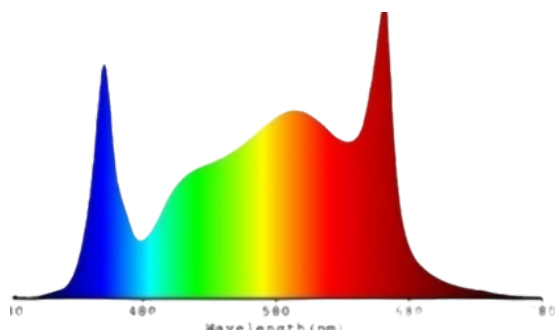

WARRANTY: 5 YEARS

## HEALTHIER, FASTER-GROWING PLANTS BRING MORE PROFITS!

### PLACES FOR USE:

- CEA-CONTROLLED ENVIRONMENTAL AG BUILDS
  - ANY GROW RACK SYSTEMS
  - CLONE OPERATIONS
- NURSERIES AND YOUNG PLANTS

### COLOR SPECTRUM
